RALLY FOR CALIFORNIA'S FUTURE!

All Out For March 4 Rally at the Civic Center in Defense Of Public Education and All Public-Sector Services!

The San Francisco Labor Council calls on all labor affiliates, community organizations, and student groups to mobilize their memberships to attend the 5 p.m. rally and demonstration at the San Francisco Civic Center on March 4.

This rally is being organized and sponsored by United Educators of San Francisco, AFT Local 2121, and the California Faculty Association as part of the statewide March 4 Strike/Day of Action in Defense of Public Education that was called by a statewide conference of students, faculty, and staff unions held in Berkeley on October 24, 2009.

Responding to layoffs, furloughs and widespread cutbacks, the October 24 conference summoned all sectors of education to struggle collectively to save public education in California. The California Federation of Teachers (CFT) and California Teachers Association (CTA) have endorsed the Day of Action. Massive demonstrations are being organized across the state on March 4.

The San Francisco Labor Council believes that those who work in the education sector should not be placed in competition with state workers, where each fights against the other for scarce funds.

That is why we are urging that California enact a program of progressive taxation. This could ensure that all our communities can thrive. We could create ample funds so that everyone has the opportunity, through quality, accessible education, to fully develop their potential and become productive members of society. And, at the same time, we could establish fully funded social services and job security for public workers.

Note: UESF is calling on all teacher unionists and K-12 families to gather at 4 p.m. at the State Building on the corner of Van Ness & McAllister before joining the mass rally at the Civic Center.
