

# Let's show some solidarity

## to our newest ILWU members!

***Bring your pets,  
kids and family!***

*"Let's help these new  
members win their  
first contract!"*

-Melvin Mackay

When nearly 100 animal care workers called the ILWU for help last year, our union responded with solidarity and organizing support. The workers overcame their employer's anti-union campaign and voted for the ILWU by 3-1. Now they're trying to negotiate a first contract, but the company is stalling and hoping to run out the clock. A community campaign can help them win. ILWU members can help with solidarity & support. See you Thursday!
