

# SUPPORT UC WORKERS FIGHTING WORKPLACE RETALIATION AND VIOLENCE!

The 25,000 members of AFSCME 3299 have been protesting inequality at the UC for more than two years. UC has responded with blatant acts of retaliation against union members and leaders:

Failing to prevent or denounce a supervisor's violent attack on workers while they picketed.

Discouraging striking by giving perks to union members who cross picket lines, like gift baskets, lavish paid lunches, and pool parties.

Campaigning for members to quit the union before the strike and spreading false rumors – in writing—about the “benefits” of dropping union membership.

Let's show UC that the community supports workers' rights!  
Join us for a one-day Unfair Labor Practices Strike, April 10th.
