

STRIKE

AFSCME 3299 UC Patient Care Workers Call Two Day Strike, May 21st-22nd

"It's time to put patients before profits. This strike is about standing up for the students, patients and taxpayers the UC Medical System was intended to serve. UC's increasingly unsafe staffing practices and growing culture of executive entitlement are undermining patient care quality and unnecessarily putting lives at risk. We will not rest until UC gets its priorities straight. - AFSCME 3299 President Kathryn Lybarger.

*Labor & Community, Please
Support these Workers and
Our Community Hospital.*

**6am-11pm,
May 21st & 22nd
UCSF Hospital,
505 Parnassus**

*We're planning a fabulous
& fun strike line. Join us!*
