

March 2015

Sisters and Brothers:

For over thirty years our friend **Bob Morales** sponsored breakfast roundtables where community and trade union representatives could meet and converse with elected officials and aspiring public figures about topics of importance to working men and women.

Bob's vehicle for this forum was, and is, the Union Labor Party.

Please join **Tim Paulson** and all of Bob's friends for a celebration of Brother Morales' life and the passion he held for the labor movement:
