

Help us win back the Congress in November! Canvass in Modesto, CA!

When: April 21, 2018: 11 am – 4 pm

Where: Working America Office ~ 1003 10th Street, Modesto, CA 99534
There will be a car caravan organized to get to Modesto

What: Join the **San Francisco Labor Council and Working America** and go door to door in working-class neighborhoods of Modesto that are threatened by the Right's agenda every day. We can flip Congressional District 10 from red to blue to retake the Congress in November. We need union members to volunteer to canvass. Sign up here:
www.workingamerica.org/centralvalley/volunteer

Mark your calendar: On Monday, April 16, 2018, we will hold a canvasser training in San Francisco at Unite Here 2 ~ 209 Golden Gate Avenue from 5:30 – 7:30 PM. Light dinner will be provided at 5:30; training will begin at 6:00.

FOR 15 YEARS NOW, Working America, the community affiliate of the AFL-CIO, has married traditional organizing with innovative analytics to change hearts and minds, bridge divides and fight the Right's agenda. With **3 million members** nationwide, Working America brings working people together to fight corporate power and Right-wing policies. Working America is committed to building the resistance, **fighting for working families**, holding politicians accountable and winning elections. Hundreds of volunteers from all over California have joined us already to have conversations with fellow Californians and we want you to be a part of it. Working America's canvass is the most effective tool to build a sustainable political infrastructure because **we listen to voters** and give them information they don't get anywhere else.

The daily headlines are alarming, and it can be paralyzing to see so much that we care about come under attack. We can do something about it and stop this politics of exclusion and scapegoating to **make our country work for all Americans**.

You can help by canvassing with us! For more information, contact Conny Ford, VP for the SF Labor Council, at connyford@gmail.com or (415) 440-8498.
