

STOP DISCRIMINATION IN THE WORKPLACE

On Nov. 27th, the Board of Supervisors is scheduled to hold a hearing on the systemic racism and discrimination facing workers in city & county departments. United in our union SEIU 1021, we're demanding an end to city administrators' failure to do something about it.

We packed the hearing room in City Hall on September 19, for the Board of Supervisors' Government Audit and Oversight Committee hearing on racism and discrimination, but we must come

out in even greater numbers. On Nov. 27 directors of city & county departments will have to answer to the Board on the lack of diversity in hiring, and promotions based on racial stereotypes, and the disproportionate amount of disciplinary actions against African American workers.

Racism and discrimination have no place in our workplaces, our city, or our country. We are speaking out about our experiences at the press conference and rally at noon, and together we can't—and we won't—be ignored.

Don't Miss the Public Hearing at City Hall on November 27th

Press Conference at 12:30 pm | The hearing will be held as part of the SF Board of Supervisors Meeting after 2 pm (exact time to be announced)
