

RALLY

FOR

COURTHOUSE ENGINEERS

Building Engineers working at Southern California courthouses managed by the Judicial Council of California (JCC) are fighting for a first contract and equal treatment on the job!

For years, the JCC has treated these Engineers as second-class citizens with substandard training, low pay and no voice at the workplace.

Support your brothers & sisters and tell the JCC it's time to do right by their Engineers!

Join the Engineers and their union, Operating Engineers Local 501, demonstrating in front of the JCC Headquarters:

October 15 and 16

Time: 9am- 12noon (both days)

Location: 455 Golden Gate Ave, San Francisco

For more, contact: Colin Wolf at (202) 302-1357

Tell the JCC you support a fair contract for the Engineers.

Contact: John Wordlaw, Chief Administrative Officer at

(916) 263-5512 or John.Wordlaw@jud.ca.gov
