UC is using the pandemic to attack workers by laying off frontline union members and refusing to insource contract workers. These workers put themselves and their safety on the line when our community needed them the most. Many of these workers have cared for COVID-19 patients and are now being tossed away by UC!

We need to stop UC now before they start attacking other workers!

UC WORKERS ARE NOT DISPOSABLE

TAKE ACTION!
Wed, July 29th
11AM - 1PM
UCSF Mission Bay Hospital
