**Resolution Calling for the Stimulus Package to Include
Direct Aid to Cities, Counties, States, and the USPS**

Whereas, now more than ever our communities need services from our Cities, Counties, and States and these services are critically underfunded; and

Whereas, we are in danger of further damaging our communities by cutting services and laying off hundreds of thousands of working Americans,

Therefore Be it Resolved the San Francisco Labor Council calls on all political leaders, especially the Democrats, to ensure that the stimulus package has maximum funding for our Cities, Counties, and States; and

Therefore Be it Finally Resolved the San Francisco Labor Council calls on the Democrats to vote against any package that does not have direct aid to our Post Offices, Cities, Counties, and States.

Adopted unanimously by the San Francisco Labor Council on December 14, 2020.
